To whom it may concern:

In response to proposed bill(s):

- [S.B. 16 AN ACT ADDRESSING GUN VIOLENCE AND JUVENILE CRIME](#)
- [H.B. 5416 AN ACT CONCERNING BULK PURCHASES OF PISTOLS AND REVOLVERS](#)

I am reaching out to express my concern with the wording behind both proposals. As written they would further infringe on my constitutional rights as an American Citizen. Connecticut already has implemented many anti-2A laws and restrictions.

To move forward with S.B. 16, and H.B. 5416 would push forward legislation limiting my rights as a citizen of the state of Connecticut, and the United States of America.

Please reread line for line what these bills are proposing and consider to vote NO on them.

Kindly
